LARGEST IN THE CITY.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "coupons" free any more than a merchant can give his customer free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

Magnificent Display of Clothing, Gents' Furnishings and Shoes is That of Hechinger & Co., the Odd-fellows Hall Clothiers.

Among the many elegant city-like business houses in our town that of Hechinger & Co. ranks among the A. 1. Nowhere will you find an establishment of its kind that carries a more elegant line of merchandise pertaining to their business than they do. With them you find suits for men, boys and children that are perfect gems in the art of ready-to-wear clothing. Their stock of shirts, hats, ties, collars, &c., is perfectly bewildering in the number of styles and fashions.

In Men's Fine Shoes the House Stands Pre-eminent.

Visitors to our city during this week, after looking at the display Hechinger & Co. make in their windows, will agree with us that their mammoth establishment would be an honor to cities many times larger than Maysville.

We can safely add that all visitors that call in at their store will be cleverly treated.

THE BEE HIVE.

A Car Load of Mattings

By far the largest single shipment of its kind that ever arrived in Maysville, reached us on Tuesday. They are all of best grade Chinese and Japanese make, and include the very latest and choicest designs, and all at prices that we would be a saving to you of at least 25 per cent. We've no space for detailed description. Suffice to say that prices range from 12c. to 30c. a yard. If you're in need of Mattings, and a prudent purchaser, see them.

Lace Curtains.

During the past week our Lace Curtain stock has been greatly replenished. We have them to please the most modest and fastidious tastes. At 4c. there is a Nottingham, 3 yards long, worth fully 60c. Our 11 1/2 yd. curtains, 31 yards long, is especially worthy. At 8 1/2 yd. there is a Brussels Net, 31 yards long and 60 inches wide, of regular \$5.50 value. You can obtain valuable curtain knowledge by investigating our store.

Ducks and Dress Crash.

Our stock of these is immense, though we've sold heaps of 'em in the past fortnight. There is a high-grade Linen Crash at 10c.; something better at 12c., 15c., 18c. Figured Ducks and Ducks in solid colors at 10c., 12c., and 15c. A great line of Figures on Black, white, pink, navy and light blue at prices ranging from 15c. to 30c. These are all great values at small prices.

A Bargain Table Leader for this week will be a regular 12 1/2c. Organdie for 7 1/2c.

SPRINGTIME JOYS AND SORROWS.

In the spring the brooklets babble sweetly onward to the sea;

In the spring a joyful chorus comes from every budding tree.

In the spring the frisky lambskins Gaily gambol on the green;

And a game of ball on every lot that's green may be seen.

In the spring the plaintive tadpole Pipes his lonesome little lay;

In the spring the busy bumblebee Buzzes his croaker night and day.

In the spring the skies are bluer Than they are at other times;

In the spring, too, everybody Takes a hand at making rhymes.

In the spring we have house cleaning Everywhere throughout the land;

And we also have to listen To the little German band!

THE ODDFELLOWS.

Meeting of Grand Encampment Yesterday at Lexington.

WILL MEET HERE NEXT YEAR.

The Grand Encampment of the Independent Order of Oddfellows met in Lexington yesterday, Grand Patriarch C. A. Munkle of Bowling Green presiding.

The Grand Encampment of Oddfellows is a separate and distinct organization from that of the Subordinate Lodge, though of course it requires the passing through of the latter before entering the former.

The Grand Lodge of Kentucky Oddfellows was instituted in 1836, and the Grand Encampment two or three years afterward.

Among the prominent visitors at the Encampment was Hon. J. Frank Grant of Baltimore, Grand Secretary of the Sovereign Grand Lodge.

At the election of officers for the ensuing year the following were chosen:

Grand Patriarch—Ambrose Bruner, Louisville.

Grand High Priest—R. L. Willis, Covington.

Grand Senior Warden—L. T. Rice, Lexington.

Grand Junior Warden—E. B. January, Paris.

Grand Scribe—R. G. Elliott, Lexington.

Grand Treasurer—George W. Morris, Louisville.

Grand Representative to Sovereign Grand Lodge—W. W. Morris, Louisville.

Maysville was chosen as the next place of meeting, and the date for same on the third Wednesday in May, 1899.

All the Maysville Delegates were favored with places on the different committees. Hon. W. H. Cox is Chairman of the Committee on Appeals.

Byron Rudy is a member of the State of the Order. Albert Huff, Election and Returns, J. C. Rains, Finance, H. C. Curran, Petitions, Allen A. Edmonds, By-Laws.

The meeting was very harmonious and great interest was manifested.

This branch of the Order is in a prosperous condition and constantly growing stronger.

It was stated by Past Grand Sire Durham that the Committee on the Widows and Orphans Home would probably make a selection in a day or two, as they had a number of favorable propositions before them, any one of which would make a suitable place.

WEDDED AT MT. OLIVET.

Lexington Young Man Wins One of Robertson's Fairest Daughters.

Tuesday morning at Mt. Olivet Mr. William H. Morrison of Lexington and Miss Adah Deming of that place were united in marriage.

The bridegroom is a son of Rev. W. A. Morrison of Nepton, and a most sterling young business man. He occupies a responsible position with the Lexington Roller Mills.

The bride is the only daughter of Judge O. S. Deming, well and favorably known in this city. She is a petite blonde, popular and accomplished.

The affair was a very pretty home wedding, the officiating Minister being Rev. Morrison, father of the groom.

Among those assisting in the ceremony were Miss Kate Evans of Georgetown, W. C. Deming of Warren, O., and Dr. W. S. Chandler of Mt. Olivet.

Mr. and Mrs. Morrison will reside in Lexington.

Circuit Judge Morrow rendered a decision in the Whitley Circuit Court, holding the Third Appellate District gerrymander law invalid. This decision, if affirmed by the Court of Appeals, would knock out several gerrymander acts passed by the late Legislature.

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. Geo. S. Anderson, of Rossville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism.

"I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for one dozen bottles."

Mr. Anderson wanted it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises and burns, for which it is unequalled. For sale by J. S. Wood, Druggist.

THE AFFAIR WAS A VERY PRETTY HOME WEDDING, THE OFFICIATING MINISTER BEING REV. MORRISON, FATHER OF THE GROOM.

Among those assisting in the ceremony were Miss Kate Evans of Georgetown, W. C. Deming of Warren, O., and Dr. W. S. Chandler of Mt. Olivet.

Mr. and Mrs. Morrison will reside in Lexington.

Dainty and Artistic

FAIRIES

From far-away Japan. There are 500 of the Fans. All of them are made and ornamented in the inimitable Japanese fashion. Some bear figures of strange and fantastic birds and animals. In some beautiful chrysanthemums and cherry blossoms bloom almost as natural as life. Others again are decorated with men and women in the artistic garb of the Japanese. Each one of them is worth commercially as much again as our price—another trump for cash. Judged by the standard of art excellence as unexcelled in America these fair fans are not one-tenth of true values. Just think of figures like these for really artistic and picturesque Fans.

It will be time enough to speculate as to what Uncle Sam will do with the Philippine Islands after the war is over. By that time he may have a whole lot more islands on hand, or even Spain itself. Keep your shirts on, gentlemen.

Or all the telegrams we have received none have been misleading up to date with the exception of the one we printed Monday reporting that a naval battle had taken place at the Atlantic, resulting in the defeat of the Americans. We are happy to state that there was no truth in it whatever, though in a certain quarter there seems to be great disappointment that such an engagement did not take place with the result stated—Evening Bulletin.

The LEADER begs its contemporary to explain its meaning. If there is any "certain quarter" in Maysville, or anywhere else in this country, where there would be "great disappointment" because the United States fleet was not defeated, it ought to be known—and the sooner the better. Please locate the "certain quarter" where these traitors can be found.

The Spanish Government, says The Times-Star, cordially announces the preparation of a great expedition against the Philippines. Possibly Senator SAGASTA imagines that as soon as the Naval Strategic Board reads the yellow papers it will dispatch Sampson's squadron around the Horn to head off the threatened relief of Manila. It is almost beyond belief that Spain should have her own coast and shipping absolutely at the mercy of the United States for the remote chance of dislodging Dewey. During the fifty odd days that would be spent on the voyage to the Philippines via Suez many things can happen. The Spanish squadron in the West Indies may be crushed and Havana may be taken. Within a month Manila will be taken by Admiral Dewey and so strongly fortified and vigilantly guarded that no Spanish squadron could possibly repeat Dewey's daring entrance into the outer harbor.

The Spaniards talk as if their navy were powerful enough to be divided into three divisions, one to protect Cuba, one to remain at home and another to rescue the Philippines. Since Dewey cleaned out the miscellaneous collection of Spanish warships in the Pacific, there remain on the Spanish naval list but 8 first-class armored cruisers, one battle-ship, some modern torpedo boat destroyers and the two converted Hamburg-American liners. The other ships on the list are of slight offensive power.

Any division of her naval strength would leave Spain helpless. The fact that the Government announces the dispatch of a fleet to the Philippines is fairly good evidence that she intends to concentrate her forces in the West Indies for one decisive blow.

At Preston, Ia.—Charles Flora, Mrs. Charles Flora, three children of the Flora.

At Quincy, Ia.—William O. Means, child of John Clark.

At Riggs Station, Ia.—Martin White, daughter of Michael Solon.

At Stanwood, Ia.—Michael Maloney, Luke Maloney.

At Delmar Junction, Ia.—Otha Allison, daughter of Charles Allison.

At Savannah, Ill.—Four persons names unknown.

The storm which worked such devastation in the rich farming country along the eastern border of Iowa and Western Illinois started shortly after 2 o'clock Wednesday morning, a mile south of Stanwood. From Stanwood, the storm moved rapidly in a north easterly direction, passing over the northeastern part of Clinton county and then over the south eastern portion of Jackson county. This section of the state is thickly settled. No towns were in the path of the storm but farm houses and barns were torn to pieces by the force. The storm was seen approaching by many of the farmers and they sought refuge in the cellars. As it was however, unable to find shelter and probably as many were seriously injured by the wind and the path of the storm varied from 40 rods in some parts of Clinton county to 80 feet in Jackson county. Trees and outbuildings were torn to pieces. Root of farm houses were lifted like straws and carried half a mile along the path of the storm and then hurled against the walls of big barns, cutting them in two and killing hundreds of cattle which had taken shelter in the sheds from the storm's fury. Half a dozen school buildings are known to have been destroyed, but it is not thought that any of the pupils perished, most of them having just reached home when the storm broke. Near Preston, Ia., more buildings were destroyed than in any other locality.

Wind whirled through the little village with frantic velocity, leaving scarcely a house standing. Five persons lost their lives here. Charles Flora, with his wife and three children, had their house torn to pieces and were crushed to death under the falling walls.

The cyclone crossed to Illinois between Savannah and Thompson. One family of four persons was wiped out near Savannah. Following the east much damage was done but it was confined almost entirely to outbuildings, etc. No lives are thought to have been lost anywhere in Illinois except the one mentioned near Savannah. Telegraph and telephone wires are down in all directions but it is believed that the storm spent its force shortly after passing over Savannah.

Another tornado formed at Amboy, Ill., shortly before dawn Wednesday evening. The storm cloud formed about six miles south of Amboy and took an easterly course, passing about twenty miles without changing in its path. Orchards, farm houses and barns were destroyed, but no lives are known to have been lost. Owing to the peculiar atmospheric conditions prevailing all afternoon the inhabitants were on the lookout for just what happened. At the first alarm they took to the cellars and many of them were injured when the walls of the timbers of their wrecked homes. Live stock suffered considerably and loss to property probably will amount to thousands of dollars.

At Antigo, Wis., scores of houses were leveled, many were uninhabited and scores of people were injured. The electric light plant and water works were wrecked. A heavy storm was general in Wisconsin and farm property suffered great loss.

The E. R. Andrews passed up with a tow of 20 empties for Kanawha.

The Tom Rees, from New Orleans for Pittsburgh, passed up with empties.

The H. F. Frieble passed up yesterday with a tow of empties and a large of staves.

City of Louisville arrived yesterday morning and a great demonstration of the various river craft.

The handsome Queen City will be the next Pittsburgh boat down, passing this city tomorrow evening.

The Henry M. Stanley passed down last night from Pomeroy, and tonight will pass up for Charleston and way points.

The first boat to use a calliope was the James Raymond, towing Spaulding & Rogers' Floating Palace. The last boat to use one is the Island Queen, now running out of Cincinnati. French's show boat used one for a long time.

The largest boat the late Captain James Howard ever built was the James Howard. The largest boat, Captain Ed. Howard, his son, ever built was the J. M. White. The Grand Republic was built at Carondelet, and was several feet longer than the Great Republic, built at Pittsburgh.

The Montgomerys river is on a ramp near the breakwaters, the river being nearly over the walls of Lock No. 7. The risk was very rapid about Greenboro and Lock No. 4. The Montgomerys river at Pittsburgh is expected to reach a stage of 14 or 15 feet. Very little coal was sent out yesterday, as there will be an excellent coal stage today, when about 4,000,000 bushels of coal will be sent South. The Clifton and Hollet departed, taking 7 barges and 8 boats respectively. A little more than half of what will be shipped from Pittsburgh will go South of Louisville. The towboat Defender, which is on her way up the Ohio, will take a tow to New Orleans from Gallipolis.

Commercial Tribune—The river men are all very enthusiastic regarding a fine display on the river on the evening of Saturday. Saturday Pans were adopted yesterday for two big battleships, which will be bombarded from forts at the mouth of the Licking river, and one of the grandest displays of fireworks ever seen in Cincinnati and made expressly for the bombardment, will be set off. The manuevers of the fleet will be in front of the mouth of Licking river, in plain view of the Public Landing, and seats will be erected on the landing for the accommodation of the many persons who do not desire to stand while watching the grand scene. The committee having the matter in charge let the contract yesterday for \$1,500 worth of fireworks. No large steamboats will be allowed on the river to shut out the view from the Public Landing, but all large boats will be moored under the wharf boats, and will, at the proper time, give a grand salute with their whistles.
